The SOUTH-CAROLINA *Gazette.*

Copy of a MESSAGE *from the Governor of* GEORGIA, *to the General Assembly of the said Province, (with which a Copy of Mr.* Pitt's *Letter was sent to each House).* July 20, 1757.

THE Letter I send herewith, I have lately received from Mr. *Pitt*, one of His Majesty's principal Secretaries of State; and as it contains Matters of great Concernment and Importance, relative to the present Posture of Affairs, the Safety and Well being of this Province, and the rest of His Majesty's *American* Dominions, I think it my Duty to lay the Whole upon this Subject before you, that you may be fully qualified to judge, and to act, in the Manner that shall best answer the King's Intentions and Expectations. HENRY ELLIS.

In Consequence of which MESSAGE, *the following* ADDRESS *was presented to the Governor, and His Honour was enabled to transmit Home a full, clear, and authenticated Representation of the State of the Province.*

To His Honour HENRY ELLIS, *Esq; Lieutenant-Governor, and Commander in Chief, of His Majesty's Province of* GEORGIA.

The Humble ADDRESS *of the* UPPER HOUSE *and* COMMONS HOUSE *of* ASSEMBLY.

May it please your Honour,

WE His Majesty's most dutiful and loyal Subjects, the Members of His Majesty's Council, and Commons House of Assembly of the Province of GEORGIA, in General Assembly met, have seriously and attentively considered Your Honour's Message, with the Copy of a Letter from the Right Honourable *William Pitt*, Esq; one of His Majesty's principal Secretaries of State.

The very seasonable and vigorous Measures His Majesty has been graciously pleased to take for the Preservation and Defence of His *American* Dominions at this critical Conjuncture, have a just Title to our most dutiful and grateful Acknowledgements.

It is with the utmost Concern we reflect upon the extreme Poverty of the Inhabitants of this Province, as we are thereby deprived of an Opportunity of manifesting our Inclination of contributing effectually to the Common Cause, and of demonstrating with what Chearfulness we should embrace every Occasion of testifying our Loyalty and Zeal for the best of Kings.

When Your Honour considers the great Efforts we have made this Session, by doubling our Taxes, and appropriating so great a Share of our Time and Labour, for erecting Places of public Defence, in the different Districts of this Province, You will be convinced, Sir, that we are unable to do more, and that nothing has been wanting on our Parts but Ability, to vye with the most zealous and opulent of His Majesty's Subjects.

It would be Presumption in us, *Sir*, to suppose Your Honour a Stranger to the melancholly State of this Colony, a bare Recollection of which awakens in us every Apprehension that can result from a Knowledge of the most imminent and complicated Danger: To find ourselves in a Country surrounded with most cruel and insolent Savages; absolutely destitute of every Means of defending ourselves from their Barbarities in Case of a Rupture; without any Forts that are not utterly in Ruins, or Artillery, but what are in a Manner unfit for Service; without Magazines, or Funds to erect them; without any Troops stationed here, save *Twenty* odd Rangers (raised in the Hurry of an Alarm) yet unestablished, unpaid, and undisciplined; without any Vessel of War for the Protection of our Coast; with but few Inhabitants, and those poor, and widely dispersed over the Province; open on the one Side to every Incursion of Indians, and on the other exposed to every possible Insult from the most inconsiderable of the Enemy's Vessels: In such a Situation our All is precarious!

When we reflect on His Majesty's unabating Goodness, to the lowest and most distant of His Subjects, and advert to the recent Instances we have experienced of His paternal Regard to this Colony; when we consider, Sir, the Importance of this Province to the Mother-Country, and its being a Barrier to the other Provinces on this Continent, against such formidable Neighbours as the *French*, *Spaniards*, and some of the most powerful and numerous of the *Indian* Nations; and when at the same Time we observe the Manner in which His Majesty's principal Secretary of State has wrote to Your Honour, (so unsuitable to our present Circumstances) we must conclude that His Majesty and His Ministers, have not been so frequently and so fully informed of the real State and Condition of this important Frontier, as our Necessities, and the critical Situation of Things on this Continent required.

The uncommon Zeal Your Honour has displayed for the Welfare of this Province since Your Arrival here, justly demands our hearty Thanks, and merits our utmost Confidence: It is therefore, Sir, upon You that we must depend for a faithful Transmission of these Facts to His Majesty, in the most clear and precise Manner, not doubting but they will have all the Weight, and Produce all the Effects that we can reasonably desire.

All the Bills being passed that had been recommended, and the other Business of the Session completed, by the 28th ult. Governor ELLIS *was, on that Day, pleased to prorogue the General Assembly 'till* Tuesday *the* 11th *of* October *next, after making the following* SPEECH *to both Houses.*

Gentlemen of the Council, and of the Commons House of Assembly,

IT is with singular Pleasure I observe, that the Temper and Moderation which I recommended at the Opening of this Session, have been so well preserved thro' the general Course of your Proceedings; and that, from the best Motives, you have avoided all unnecessary Occasions of Heats and Animosities, and made the true Interest of this Colony the principal Object of your Care and Consideration.

It would be an unpardonable Neglect in me, not to acknowledge the uncommon Unanimity and Attention you have shewn, to every Thing that appeared worthy of your Regard at this Juncture; and give me Leave to indulge myself in the Belief, that this Spirit, which has already produced such salutary Effects, and affords so pleasing a Prospect in future, is not the Fruit of a temporary Warmth, and personal Attachment, but the Result of a settled Resolution of acting constantly and uniformly upon disinterested and patriotic Principles.

Gentlemen of the Commons House of Assembly,

The Supplies you have with so much Chearfulness and Dispatch granted for the current Year, and the extraordinary Confidence you repose in me, have a just Title to my very sincere Thanks. Could any Thing increase my Zeal for your particular Happiness, and the public Welfare, it would be this generous Conduct; nor can there be stronger Instances of your good Will, and of your Judgment, than what you have shewn in the Measures you have taken for discharging the heavy Debt this Province was burthened with, for restoring its lost Credit, and putting it in a better State of Defence.

Gentlemen of the Council, and of the Commons House of Assembly,

The Season of the Year, and your private Affairs, must

muſt needs make a Receſs agreeable to you: 'Tis a real Satisfaction to me that the public Concerns will now admit of it. I hope it is unneceſſary for me to recommend, in a particular Manner to your Care, the Preſervation of our happy Union and Harmony: Your own Inclinations, and the Pleaſure that every worthy Mind muſt feel in being inſtrumental to ſo great a Good, will naturally lead you heartily to endeavour it.

CHARLES-TOWN, Auguſt 11.

By the North Poſt (arrived laſt Saturday) we have no other News, than "That Lieut. *Baker*, of the *Virginia* Regiment, with 5 Soldiers, and 15 *Cherokee Indians*, who were ſent out on a Scout towards Fort *du Queſne*, were returned to Fort *Cumberland*, with *Five* Scalps, and *One French* Officer, M. *Veleſtre*, Enſign in Second, Priſoner: They took *Two* other *French* Officers, M. *La Soſais*, Enſign of Foot, and Mr. *St. Ours*, Enſign in Second, Priſoners; but one of them being wounded, and unable to march, the *Indians* immediately killed him, as they did the other ſoon after, contrary to the Intreaties of Lieutenant *Baker*, who, with great Difficulty, ſaved *Veleſtre* from ſharing the like Fate: This the *Indians* did, in Revenge of the Death of the Brave *Swallow Warrior*, who was killed in the Skirmiſh, and for the Wounds of his Son, whom they brought from the Field of Battle (on the Head of *Turtle-Creek*, within 20 Miles of Fort *du Queſne*) on their Shoulders: Theſe *French* parted from 50 *Shawaneſe* the Day before, returning from War to their Town: And the Priſoner (*Veleſtre*) informed, that the Gariſon of Fort *du Queſne* conſiſted of 600 *French* and 200 *Indians*, who were frequently ſent out in ſcouting Parties to harraſs the Frontiers of *Virginia*, and make Diſcoveries; and that M. *De Ligneris* then commanded there."---That Governor *Dinwiddie* on the 19th of *June* received an Expreſs from Fort *Cumberland*, adviſing him of the March of a large Body of *French* and *Indians*, on the 8th, from Fort *du Queſne*, with Artillery, &c. and a great Number of Baggage-Waggons; whereupon His Honour had immediately ordered out One Third of the Militia of Seven Counties. — And, that on the 29th of *June* arrived at *Virginia*, His Majeſty's Ship *Ludlow-Caſtle*, of 40 Guns, commanded by Capt. *Clark*, in 6 Weeks from *Plymouth*, with 23 Merchant-Ships under Convoy.

On Sunday laſt, *James Wright*, Eſq; (His Majeſty's Attorney-General, and ſome Time ſince appointed Agent to ſollicit the Affairs of this Province in *Great-Britain*,) embarked for *London*, on board the *Friendſhip*, Capt. *Ball*; as did alſo the Rev. Mr. *Andrews*, Aſſiſtant to the Rector of this Pariſh, and ſeveral other Paſſengers.

And on Monday arrived here Enſign *Faſch*, of the *Royal American* Regiment, from *Philadelphia*: As did alſo in the Evening, by Land, Capt. *Jocelyn* and Lieut. *Billings*, of the ſame Regiment.

Yeſterday the ARTILLERY COMPANY waited on His Excellency the Governor with their Thanks, for the Appointment of their Officers, &c. — This Company, we hear, conſiſts of 60 Men, and is not to exceed that Number: Their Uniform, blue broad Cloth Coatees, lappelled and cuff'd with Crimſon, crimſon Jackets, and blue Breeches, with gilt Buttons and Gold laced Hats: The Officers the ſame, except that their Lappels and Cuffs will be of Crimſon Velvet inſtead of Cloth: They purpoſe to meet for the firſt Time, on the 8th of next Month, and to continue Meeting twice a Month to exerciſe the Cannon, 'till they have attained ſome Proficiency in Gunnery, and afterwards once a Month: And ſo zealous are they in what they have undertaken, that there is already a Scarcity of Books upon Gunnery.

The ſame Afternoon, His Excellency ſet out to viſit the Southern Parts of this Province, attended by Col. *Bouquet*, the Enginier lately arrived, and ſeveral other Gentlemen.

This Day His Majeſty's Ship *Arundel* ſail'd over the Bar, and will wait 'till To-morrow Morning for two of her Convoy that could not get out.

Some Account of the Action near Reichenberg.

LONDON, *May* 12.

From the King's Head-Quarters at Linay, April 24.

HIS highneſs the duke of Bevern, having march'd the 20th, at the head of the body of the army which was in Luſatia, from the quarters of cantonment near Zittau, poſſeſſed themſelves immediately, without the loſs of a ſingle man, of the firſt poſt of Bohemia, at Krottau and Graſenſtein, drove away the enemy the ſame day from Kratzen, and march'd towards Machendorf, near Reichenberg. The ſame morning Putkammer's huſſars, commanded by their colonel, and major Schænfeldt, routed ſome hundreds of the enemy's cuiraſſiers, commanded by prince Lichtenſtein, who were poſted before Kohlig, and took 1 captain, 2 ſubalterns, and above 60 horſe, priſoners; the reſt were ſcarcely able to rally near Kratzen. The night coming on, obliged the troops to remain in the open air 'till next morning. The 21ſt, at day-break, our troops march'd in two columns by Habendorff, towards the enemy's army poſted near Reichenberg, and commanded by general count Konigſegg, and 28,000 ſtrong. As ſoon as the lines were formed, they advanced towards the enemy's cavalry, which was ranged in 3 lines, of about 30 ſquadrons. The two wings were ſuſtained by the infantry, which were poſted among felled trees and intrenchments. They immediately cannonaded the enemy's cavalry, who received it very bravely, having on their right a village, and on their left a wood, where they had intrenched themſelves with felled trees and pits. But the duke of Bevern having cauſed 15 ſquadrons of dragoons of the ſecond line, to advance, and ordered the wood on our left to be attacked at the ſame time, by the battalions of grenadiers of Kahlden and Moellendorff, and by the regiment of the prince of Pruſſia, who cleared all the felled trees and intrenchments there; our dragoons, who had by this means their flanks covered, entirely routed the enemy's cavalry. The generals Normann, Kott, and the prince of Wurtenberg, ſignalized themſelves on this occaſion. Col. Putkammer, and major Schænfeldt, with their huſſars, have likewiſe particularly diſtinguiſh'd themſelves, by giving the horſe-grenadiers a very warm reception; notwithſtanding the enemy's artillery took them in flank. Lieut. general Leſtewitz at the ſame time attacked, with our left wing, the redoubts that covered Reichenberg. Tho' there were many defiles of riſing grounds to paſs, which were all occupied by the enemy, yet the regiment of Darmſtadt forced the redoubt, and put to flight and purſued the enemy, after ſome diſcharges of their artillery and ſmall arms, from one eminence to another, for the diſtance of a mile, as far as Rochlitz and Dorffel. The loſs of the enemy amounts, as far as we can learn at preſent, to 1000 killed and wounded. We have made about 20 officers, and 400 ſoldiers, priſoners, and have taken 3 ſtandards. Cannon and ammunition-waggons are ſaid to have been found among the felled trees and intrenchments, but the departure of the courier prevents our giving an exact liſt of them at preſent. General Porporati is ſuppoſed to have been killed, becauſe ſome letters directed to him have been found on the field of battle. The action began at half an hour after 6 o'clock, and continued 'till 11. On our ſide there were 7 ſubalterns, and about 100 men killed; general Normann, major de Mellin, of the regiment of Amſtel, col. Lettow, of Darmſtadt, majors de Platen, de Normann, and de Beyern, of Wurtemberg, the captains de Normann, and de Putkammer, of Amſtel, ſeven ſubalterns, and 150 men, were wounded. The officers and private men equally deſerve the higheſt commendations. His highneſs the duke of Bevern in particular, who had before diſtinguiſh'd himſelf in ſo ſignal a manner in former campaigns, and laſt year at the battle of Lowoſitz, in this action gave freſh proofs of that ſkill and courage, which will tranſmit his name to poſterity.

A great number of tranſport ſhips, having on board troops, proviſions, and ammunition, ſailed from Aix (in France) for Martinico and Canada, eſcorted by a ſhip of the line, and ſeveral frigates.

The SOUTH-CAROLINA Gazette.

[A SUPPLEMENT.]

CHARLES-TOWN, *August* 18.

ON Friday last, His Majesty's Ship the *Arundel*, sailed from the Bar for *England*, with several Ships under her Convoy. [*See the Marine List.*]

The same Morning, the *Clinton Frigate*, Capt. *Hugh Hughes*, (a very rich Ship from *Jamaica* for *London*, which had put in here some Time ago) having parted her best Bower the Night before, in *Five-Fathom Hole*, drove ashore upon *No-Man's-Land* Breakers, where she is lost, and scarce any of her Cargo saved besides some Indico. This was one of the Vessels the *Arundel* waited for off the Bar; the other, the *Sudey*, Capt. *North*, got out, but struck several Times upon the Bar, beat off Part of her false Keel, and is said to have bore away for *Virginia*.

Saturday last arrived in Town, Capt. *James Marsh*, late Master of the Ship *Myrtilla* of *Philadelphia*, from *Jamaica* for *London*; who informs us, of the Loss of the said Ship upon the *Florida* Keys, on the 18th ult. and that he and the Crew with great Difficulty, reached *St. Augustine*, in a shattered Yawl on the 24th.

The same Day three *Spaniards* were taken up and examined before His Majesty's Honourable Council, suspected to belong to some of the *French* Privateers cruizing upon the Coast of *Georgia*, and to have come here for Intelligence: And, we hear, one or two of them have acknowledged being on board a *French* Privateer of 2 Guns and 38 Men.

On Sunday arrived Capt. *Newbold* from *St. Kitt's*, who informs us, that he came out 17 Days before with a Fleet of 113 Sail from the several *West-India* Islands, under Convoy of 4 Men of War.

Since our last two Vessels have arrived here from *England*, and several from *North-America*, but have all had excessive long Passages, viz.

The *Margaret*, *Marshal*, from *Chester*, in 105 Days.
The *Phabe*, *Bennet*, from *Liverpool*, in 91
The *Argo*, *Campbell*, from *Philadelphia*, in 41
The *Dove*, *Drummond*, from Ditto, in 49
The *Blakeney*, *Mitchener*, from *New-York*, in 30
The *Anne*, *Mackey*, from *New-Castle*, in 28
The *Intent*, *Parker*, from *Philadelphia*, in 27
The *Elizabeth*, *Dunlop*, from *Maryland*, in 25.

However we have in them the following Advices, later than we had before, viz.

That the Embargo was taken off at *New-York* and *Philadelphia*, on the 27th of *June*.

That the *Winchelsea* and *Jamaica* Men of War arrived at *Halifax*, from hence, on the 4th of *June*, and were ordered upon a Cruize the next Day; a Brigt. from *Philadelphia* having seen 8 *French* Men of War off *Jedore* on the 2d, by which she was chased, and had been obliged to throw 160 barrels of Bread and Flour overboard to escape them.

That these *French* Men of War having been seen by other Vessels, Capt. *Hale* looked into *Louisbourg* Harbour, where he saw them all safe at Anchor with two Merchant-men: And being observed by them to be becalmed while looking in, two Frigates were immediately ordered out, by whom he would have been taken had not a Ship appeared in the *Offing*, which the *French* judged to be his Concert, and thereupon returned into the Harbour.

That the *Hazza* Privateer, Capt. *Phipps*, of *Halifax*, had taken a *French* Scooner from the *West-Indies* for *Canada*, but had been at *Louisbourg*, by which the Arrival of the Men of War so frequently seen, was confirmed; and a Letter found on board which mentioned their expecting daily 8 more with Troops from *France*.

That Admiral *Hardy*, Governor of *New-York*, with Lord *Loudoun*; and also Admiral *Holbourn*, with the Transports from *Cork*, happily arrived at *Halifax*, the former about the End of *June*; the latter the beginning of *July*.

That ——— *Campbell*, Esq; Engineer and Inspector-General of all His Majesty's Forts and Garisons in *North-America*, had arrived at *Halifax* some Time before.

That the *Highland* Battalions did not come out with Admiral *Holbourn*, but that 'twas thought they would follow in about 10 Days, under Convoy of 5 Ships of the Line. And that 3 more Regiments for *North-America* were to embark at *Plymouth*.

That His Excellency *Thomas Pownall*, Esq; the new Governor of *New-England*, was arrived in the Fleet.

That a Reinforcement for the *Mediterranean*, of 8 Ships of the Line and 2 Frigates, sailed from *Plymouth* the 16th of *May*, under the Command of Admiral *Ogarne*.

That on the 3d of May 16 Ships of the Line sail'd from Brest: The Account was brought to Plymouth, on the 16th, by a Cartel-Ship, the Master of which made Oath thereof, and that he was detained 3 Days after their sailing. They were afterwards seen by an English Man of War, 200 Leagues to the Westward of Scilly.

That there was a new General arrived at Martinico, and the old one, M. Bompar, had taken the Command of the Fleet there.---Capt. Bowne of the Spry Privateer, arrived at Philadelphia the 6th ult. in 14 Days from St. Eustatia, heard, that 17 Men of War were at Martinico, and that the Dispositions making there indicated their being designed for some Expedition.

That a Party of Acadians had been lately taken up near Fort-Edward, on their Way to Crown-Point.

That 40 Merchantmen were to have sail'd from Cape-Francois, on the 1st Instant, under Convoy of the Greenwich, and the Savage Frigate.

That Capt. Valentine, late of the Earl of Loudoun Privateer, taken by M. Beaufremont's Squadron, was very much interrogated by the Captains in that Squadron, concerning the Coasts of *Virginia*, &c.

That frequent Skirmishes happen between scouting Parties from our Forts near Lake-George, and others from Ticonderoga and Crown-Point; but our Parties, generally falling into Ambuscades, have gained no great Advantage over the Enemy.

That two of Capt. Rogers's Rangers, who were taken in the Action of the 21st of January last, had escaped from the Enemy and arrived at Albany; where they gave the following Accounts, viz. One of them, that the French had 30 Men killed on the Spot in that Action, and 36 wounded, 32 of which died soon after; that after remaining a Month at Ticonderoga, he was sent to Crown-Point, where they halted with him only one Night, and then carried him to Montreal, from whence he got away the 7th of May; that a few Days before he left Montreal, two Regiments of Regulars, with some Canadians and Indians, set off for Crown-Point. The other, who left Montreal about the End of May, gave pretty near the same Account, and added, that M. Montcalm had march'd for the Frontiers of New-York, but upon some particular Intelligence received, two Runners were sent after him, in Consequence of which he returned with the Forces to Montreal; and that it was rumoured in Montreal, that two of the English Sailors taken at Oswego, together with the best Pilot for the River St. Lawrence, had cut out a small Provision Sloop from Quebec, and make their Escape in her.

That a French Prisoner, taken by the Mohawks, near Crown-Point on the 19th of June, informed, that there were only 200 Men in Garison there; but that there were 3 Battalions of Regulars, besides Canadians and Indians at Ticonderoga; that great Additions were making to the Works of both Places; that M. Montcalm remained encamped at Montreal, waiting 'till he could get Information of the Motions of the English, that he might the better regulate his Operations;

Operations; and, that throughout Canada they were in great Diſtreſs for Want of Proviſions—which was confirmed by the two Rangers in the foregoing Paragraph.

That even the quiet and PEACABLE *People of* Pennſylvania, *have fitted out a* PROVINCE-SHIP!

That they have a fine Province-Snow out of Halifax, commanded by Capt. Taggart.

That one of the Boſton Province Veſſels, commanded by Capt. Dowſe, had lately taken a French Snow of 250 Tons, from Bourdeaux for Canada, that came out with 8 others under Convoy of two Frigates of 24 Guns and 350 Men each; by which he learnt, that a great Number of Tranſports, with 5000 regular Troops on board, beſides Merchantmen, were to follow her in 10 Days, and to be convoyed *from* a certain Latitude by a Number of Men of War [*undoubtedly the large Squadron that ſailed from Breſt*] of which Capt. Dowſe immediately gave Intelligence to our Men of War at Halifax.

That among the Papers found on board the Rhode-Iſland Sloop, taken in her Paſſage from Fort-Dauphin in Hiſpaniola to Monte Chriſto, by the Hornet Privateer, Capt. Spellen, and carried into N-York, was the following, viz.

"*Newport, March the 7th*, 1757.
